

GMP Storage Coordinator (m/w/d)

Virusure is a biotech company specializing in virus & prion safety testing of biopharmaceuticals. We are a GLP/GMP certified control laboratory that offers services in the area of pathogen safety to the bio-pharmaceutical industry. In order to strengthen our team in Vienna we are looking for a highly motivated person with technical background to support our GMP Storage department.

Tasks & Responsibilities:

- Coordination and oversight of internal storage projects and support for shipment organization
- Coordination of external storage projects (incl. review of reports prepared by subcontractors)
- Ensure appropriate documentation of GMP storage projects
- Ensure correct maintenance & cleaning of storage equipment
- Support the Head of GMP Storage in continuous improvement of storage processes

Your Profile:

- Profound technical education (e.g. HTL, FH or technical apprenticeship)
- Independent, accurate and proactive workstyle
- Well organized, hands-on mentality, flexibility and strong communication skills
- Experience in the bio-pharmaceutical industry is an advantage
- Experience in working in a GLP/GMP environment is an advantage
- Accuracy and diligence
- Good knowledge of English and good IT skills
- Willingness to learn

What we offer:

- Full-time position (40 hours) in an established company with flat hierarchies and short decision-making paths
- A lot of support for personal and professional development and training
- Regular team and company events in a relaxed atmosphere

How to apply?

If you are interested in this exciting position, a friendly working environment is important to you and you want to support our team, please send your CV to: Ms. Dijana Vasiljkovic humanresources@virusure.com
