

Scientific Assistant (m/w/d)

Virusure is a biotech company specializing in virus & prion safety testing of biopharmaceuticals. We are a GLP/GMP certified control laboratory that offers services in the area of pathogen safety to the bio-pharmaceutical industry. In order to strengthen our team in Vienna we are looking for a highly motivated person with biotechnological background to support our Cell Culture department.

Tasks & Responsibilities:

- Growth and maintenance of cell lines and preparation of media
- Organizing supply of media, media components and plastic ware
- Support of GLP/GMP departments with cells and media
- Completion of GLP documentation

Your Profile:

- FH or academic degree with a focus on biotechnology, life science or similar
- GLP/GMP knowledge and experience is an advantage
- Experience in the bio-pharmaceutical industry is an advantage
- Accuracy and diligence
- Good knowledge of English and basic IT skills
- Willingness to learn

What we offer:

- Full-time position (40 hours) in an established company with flat hierarchies and short decision-making paths
- A high degree of personal responsibility and a large amount of freedom to make decisions
- A lot of freedom for personal and professional development and training
- Regular team and company events in a relaxed atmosphere
- Salary according to experience

How to apply?

If you are interested in this exciting position, a friendly working environment is important to you and you want to support our team, please send your CV to: Frau Dijana Vasiljkovic humanresources@virusure.com
