

## TECHNICAL ASSISTANT (m/w/d)

Virusure is a biotech company specializing in virus & prion safety testing of biopharmaceuticals. We are a GLP/GMP certified control laboratory that offers services in the area of pathogen safety to the bio-pharmaceutical industry. In order to strengthen our team in Vienna we are looking for a highly motivated person with biotechnological background and knowledge about GMP and GLP to support our PCR and Sequencing department.

### Tasks & Responsibilities:

- Planning & performance of experiments, data analysis, interpretation, and reporting of qPCR and Sequencing experiments
- Development and validation of new qPCR assays for use in GLP and GMP projects
- Strong focus on quality by ensuring GDP compliance
- Report to superior and Quality assurance
- Creation and administration of GLP and GMP compliant laboratory documentation as well as the creation of SOPs
- General routine laboratory activities

### Your Profile:

- Education in Biotechnology, Biology or related Life Sciences fields (HTL, MTA, University or FH up to B.Sc. or M.Sc.)
- GLP/GMP knowledge and experience is an advantage
- Experience in the bio-pharmaceutical industry is an advantage
- Experience in extractions, qPCR and Sanger sequencing is an advantage
- Accurate, diligent, organized and proactive
- Very good knowledge of English and good IT skills
- Very good communication skills.
- Willingness to wear personal protective equipment when handling biological agents, chemicals, etc.
- Willingness to learn, flexibility, team spirit.

### What we offer:

- Full-time position (40 hours) in an established company with flat hierarchies and short decision-making paths
- A high degree of personal responsibility and a large amount of freedom to make decisions
- A lot of freedom for personal and professional development and training
- Regular team and company events in a relaxed atmosphere
- Salary according to experience
