

Quality Specialist (m/w/d)

Virusure is a biotech company specializing in virus & prion safety testing of biopharmaceuticals. We are a GLP/GMP certified control laboratory that offers services in the field of pathogen safety to the bio-pharmaceutical industry. To strengthen our team in Vienna we are looking for a highly motivated person with technical background to support our Quality Assurance team.

Tasks & Responsibilities:

- Maintenance and continuous improvement of Virusure Quality Systems (GLP/GMP)
- Document management of SOPs, records and forms
- Management of deviations and changes
- Review of study and test data
- Supply Management
- Internal and external Audits, support during Client Audits
- Performance of internal trainings on quality relevant topics
- Continuous improvement of processes and systems

Your Profile:

- Background in biotechnology
- Independent, accurate and proactive workstyle
- Well organized and strong communication skills
- Experience in the bio-pharmaceutical industry is an advantage
- Experience in working in a GLP/GMP environment is an advantage
- Accuracy and diligence
- Excellent knowledge of English and good IT skills
- Willingness to learn

What we offer:

- Full-time position in an established company with flat hierarchies and short decision-making paths
- A lot of support for personal and professional development and training
- Regular team and company events in a relaxed atmosphere
- Minimum salary 2.700€ gross per month (overpayment dependent on qualification and work experience)

How to apply?
