

SCIENTIFIC ASSISTANTS (GLP virus validation studies department) (m/w/d) in Vienna / Austria for 40 hours a week

Virusure is a biotech company, GLP/GMP certified, expert in virus & prion safety testing of biopharmaceuticals offering a broad range of services (in-vivo and in-vitro GMP testing, GLP safety studies, qPCR testing & sequencing services...). GLP studies are investigations on the ability of a biopharmaceutical product's manufacturing purification process to remove or inactivate viral agents to provide assurance of the virus safety of the product, as detailed in international guidelines. Such studies are essential prior to any clinical trials. Virusure has been involved in the design and execution of GLP virus clearance studies for over 15 years.

In order to strengthen our GLP safety studies team in Vienna, we are looking for highly motivated candidates with biotechnological background.

Tasks & Responsibilities:

- Planning, performance and analysis of cell culture assays and western blot assays.
- Performance of downscaled protein purification steps (e.g. chemical treatments, filtrations, chromatographies...)
- Lab management (e.g. check-in of deliveries, general cleaning tasks, support in equipment maintenance ...)
- Reagents/buffers preparation
- Ensure GDP compliance.
- Report to superior and Quality assurance
- Creation and administration of GLP and GMP compliant laboratory documentation as well as the creation of SOPs

Your Profile:

- Education in Biotechnology, Biology or related Life Sciences fields (HTL, MTA, University or FH up to B.Sc. or M.Sc.)
- GLP/GMP knowledge and experience is an advantage
- Experience in chromatography (e.g. ÄKTA), filtration techniques is an advantage
- Experience in the bio-pharmaceutical industry is an advantage
- Accurate, diligent, organised and proactive
- Ability to work autonomously
- Very good knowledge of English and good IT skills
- Very good communication skills.
- Willingness to work with infectious biological agents (i.e. viruses or prions)
- Willingness to wear personal protective equipment when handling biological agents, chemicals, etc.
- Willingness to learn, flexibility, team spirit.

What we offer:

- Full-time position (40 hours) in an established company with flat hierarchies and short decision-making paths

VIRUSURE

Quality is no coincidence

- A high degree of personal responsibility and a large amount of freedom to make decisions
- A lot of freedom for personal and professional development and training
- A dynamic, friendly and exciting growing environment
- Regular team and company events in a relaxed atmosphere
- Flexible working
- Salary according to experience

How to apply?

If you are interested in this exciting position, a friendly working environment is important to you and you want to support our team, please send your CV and cover letter to: Fr Dijana Vasiljkovic (Assistant to CEO)
