

## Scientific Assistant (R&D Department) (m/w/d)

Virusure is a biotech company specializing in virus & prion safety testing of biopharmaceuticals. We are a GLP/GMP certified control laboratory that offers services in the area of pathogen safety to the bio-pharmaceutical industry. In order to strengthen our team in Vienna we are looking for a highly motivated person with biotechnological background to support our R&D department in a GMP and GLP environment.

### Tasks & Responsibilities:

- Production and characterisation of virus stocks
- Development and optimisation of assays (mainly cell based), and assistance in troubleshooting/investigations
- Laboratory maintenance (including reagent preparations, equipment calibration etc.)
- Preparing of quality documents including SOPs
- Possibilities of taking over the lead on some R&D projects after an initial training phase

### Your Profile:

- Academic degree in life science with a focus on biotechnology or similar
- Very good communication skills
- Proactivity, accuracy and diligence
- Very good knowledge of English and good IT skills
- Willingness to learn and ability to work in an international team
- Experience in cell culture, using plate readers, and working with viral vectors or with cell-based assays is an advantage
- GLP/GMP knowledge and experience is an advantage
- Experience in the bio-pharmaceutical industry is an advantage

### What we offer:

- Full-time position (40 hours) in an established company with flat hierarchies and short decision-making paths
- A high degree of personal responsibility and a large amount of freedom to make decisions
- A lot of freedom for personal and professional development and training
- Regular team and company events in a relaxed atmosphere
- Salary according to experience

### How to apply?

If you are interested in this exciting position, a friendly working environment is important to you and you want to support our team, please send your CV to: Frau Dijana Vasiljkovic [humanresources@virusure.com](mailto:humanresources@virusure.com)
